

I am a multi-year top-tier flyer with Continental and a member of the Continental Presidents Club. I support Continental's petition to the FCC; I want Continental to be able to continue to provide its own wireless service to all club members at Boston Logan, which is a free service. I rely on Continental's consistent, seamless service at all the airports I fly to or through. Thank you for ensuring the right of the public to use the wireless service of its choice!
